## Member Inquiry - 2 topics

Our good friends in Greater Sudbury have a couple of questions for our municipal members. Please reply here at [mwa@municipalwaste.ca](mailto:mwa@municipalwaste.ca) and we will pass on the information.

### EXTREME WEATHER EVENTS

Does your waste department have a plan for dealing with waste collection and disposal after an extreme weather event? Could you send a copy of your plan or detail your procedure?

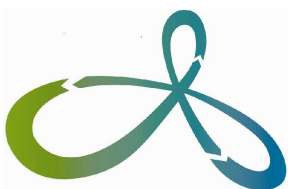

### ESTABLISHING NEW WASTE DROP-OFF DEPOTS

Does your municipality have a process to follow that sets a guideline for establishing new waste drop-off depots. For example, must you have a certain amount of homes or a certain population within a radius of the new depot in order to apply, what type of guidelines do you use to determine a lack of service in established or newly developed areas, etc. Could you send a copy of your process/guideline or detail how you deal with requests to establish new drop-off depots?

The responses to all member inquiries are posted under Informal Survey results (under the Members Only tab on the MWA website).

Thanks for your help.
