Job Summary

The Program Manager is responsible for planning and managing the day-to-day delivery and operations of programs, services, initiatives and projects relating to environmental compliance and construction/maintenance at the City's solid waste facilities, and waste collections' operational planning.

Programs, services, initiatives and projects include:

- ensuring all City-owned solid waste facilities are compliant with environmental legislation and regulations
- the planning and oversight of assigned construction projects, such as landfill capping and lining, leachate treatment, methane gas recovery, compost/biogas initiatives, gasification
- the planning, management and delivery of facilities maintenance projects
- the development, implementation, evaluation and enhancement of operational plans for solid waste collections

The Program Manager is also responsible for managing the unit's human (including contracted services) and financial resources, and stakeholder and partner relationships.

Education & Experience

4-year university degree in engineering, environmental science, business administration or other related field

7 years of experience in solid waste environmental compliance and facility construction/maintenance, including a minimum of 5 years in the management of human and financial resources.

*Experience and formal training combined with demonstrated performance and ability may substitute for stipulated academic requirements.

Language, Certificates & Licenses

A valid Ontario unrestricted "G" class driver's license (or provincial equivalent) with no more than 6 demerit points accumulated.

English oral, reading, writing required

Knowledge

- Solid waste collections, processing and disposal methods, techniques and practices
- Solid waste operations and collections' planning, including collection system modelling
- Methodologies, concepts and practices used in developing, implementing and evaluating solid waste environmental compliance programs
- Principles, techniques and practiced used in solid waste facilities' planning, construction and maintenance
- The City of Ottawa's organizational, governance and administrative structures
- Legislation, regulations, policies, standards and guidelines relevant to the work
- Industry trends and developments
- Business administration concepts, theories, principles and methodologies
- Corporate policies, guidelines and practices
- The various Collective Agreements in place at the City
- Understanding of the programs/services and operations of other City areas, and the inter-relationships between them and own work area
- MS Office
- Must be familiar with applicable health and safety legislation, have knowledge of any potential or actual danger to health or safety in the work place, and have knowledge of appropriate actions to be taken in order to ensure the health and safety of staff in accordance with applicable legislation and City policies and procedures

Competencies & Skills

Leadership Competencies that describe the skills and behaviours expected to be demonstrated by managers and supervisors at the City of Ottawa are available on Ozone. The seven Leadership Competencies are:

- **Strategic Leadership** - Sets/implements the strategic direction, understands internal and external trends, the political sensitivities of the organization and applies this knowledge to support the long-term vision and success of the City
- **Demonstrates Business Sense** - Understands the impact of decisions on the business and the ability to strive to improve business performance; requires an awareness of business issues, processes and outcomes as they impact the community, the City's reputation and strategic direction
- **Builds Collaborative Relationships** - Proactively communicates, builds and utilizes professional relationships and partnerships with all internal and external stakeholders
- **Fosters Innovation and Change** - Develops an environment that embraces innovation and efficiently integrates change into the organization
- **Engages Employees** - Leads, coaches and develops an engaged, diverse workforce of individuals and teams, where work is a safe, respectful place and successes are recognized and celebrated
- **Delivers Results** - Creates effective plans and performance measures, holds themselves and others accountable for measurable, high quality, timely and cost-effective results
- **Client-centric Focus** - Serves the client interest through focusing individual, team and organization effort on identifying and meeting key and diverse client needs (the term "client" includes both internal and external clients)
